## FEAR NOTHING BUT GOD HIMSELF

Fear is one of the strongest, most primal emotions and motivating forces there is. Whether it is the fear of death, fear of the unknown, or fear of what others may say, many live their lives in constant fear. The devil knows this and uses fear to cripple would-be saints. He throws darkness across our path and suddenly we are frozen from fear. He uses fear as a breeding ground for hate, shame, and discouragement.

There is only one emotion stronger than fear. Love. And God has love in spades. In fact, He IS love. The only way to move through the darkness of fear is by love. Many who are frozen by fear do not have enough love. So we must share our love with them just as God does. That is why God tells us to love one another. To help us all keep moving forward. You must learn to “press your way through the shadow which Satan throws across your pathway and take hold of the arm of Jesus, the mighty One” MCP v.2, 650.

Every culture has its stories about being afraid of the unknown; from “paper tigers” to “tilting at windmills.” What we must remember is that shadows cannot hurt you. This is also why Jesus describes Himself as the Light of the world. The Light that dispels darkness and fear and keeps us safe. Do not stray from the light, in fact, share the light with others that they too may live fearless lives.

There have been mighty men and women of faith of which it has been said that they feared man so little because they feared God so much. This is where our English language lets us down. The fear of man and God are not the same. Fear of man we know, but the fear of God is not terror, but awe and reverence. So take the arm of Jesus and let Him lead you “through the valley of the shadow of death...”

“There is no fear in love, but perfect love casts out fear; for fear has to do with punishment, and whoever fears has not reached perfection in love.”

1 John 4:18.
