Thought of the Week*

Thinking & talking, talking & thinking

23rd Feb 2017

There are those who enjoy their facts and figures and according to these good people we speak between 7,000 – 20,000 (men – women) words per day, and have approximately 50,000 thoughts during that same period. It could also be said that what absorbs us we will talk about, and what we talk about will eventually absorb us.

So, what do people think and talk about? Boys talk about girls, and girls talk about boys. We talk about school, work, our cars, our houses, our boats, our health, our diets, and our exercise program. We talk about relationships, money, politics, computer games, TV shows, holidays, our relatives, and our children. We talk about homework, hobbies, fashion, food, movies, music, art, God, and shopping.

It is interesting to note that most of these topics are all about self – egocentric. But, “if we thought and talked more of Jesus, and less of self, we should have far more of His presence” (IHP 92). And what Christian doesn’t want more of Jesus?!

“Then those who feared and loved the Lord spoke often of Him to each other. And He had a Book of Remembrance drawn up in which He recorded the names of those who feared Him and loved to think about Him” Malachi 3:16.
