Week 2

15/8/19

What a wonderful turnout we had for Week 2 of our Vegetarian Cooking Demonstration on Sabbath afternoon with over 70 people attending.

Thank you to the chefs Ailo (assisted by Benita) and Rochelle for providing such an entertaining, professional and tasteful demonstration.

Many thanks also to our host, Pastor Nigel and to Uncle Henry who provided an interesting segment about how to dispose of old cooking oil.

Again the feedback was very positive. A big thank you to all the church members, PM team and Pathfinders who helped with serving the food and setting up. Let's keep the good work up for our final week and continue to pray for success from this outreach program.

This upcoming week, we have our Youth cooking - Annali and Josh Ly will be demonstrating so please come along and support!"

NOTICE BOARD

LIGHT AND MOTION PHOTOGRAPHY

E P P I N G C H U R C H P H O T O G R A P H Y C L U B

Light and Motion Photography 's Alvin Ing and Andy Ly, together with Epping SDA Church, are commencing a photography club with the aim of providing a safe and educational environment for field trips and photographic excursions. There will be four organised field trips each year, including some weekend and overnight mini-expeditions.

The annual cost is a minimum of \$100 donation, with all proceeds to the Epping Mission Project. Previous projects have supported ADRA (Adventist Development and Relief Agency) missions in Vanuatu, as well as schools in Sri Lanka, Cambodia and the Philippines. Those new to photography and first time visitors may attend the first field trip for free.

To join, click the below E-giving link, then click the "Show other Offerings" tab, and choose "Epping Mission Project". Please email the receipt to ajing@lightandmotionphotography.com <https://egiving.org.au/Epping%20SDA%20Church>

Included in the joining fee is access to all supervised field trips with personal guidance and instruction, as well as a regular newsletter which will share educational articles on photography, and feature images from members of the club. Weekend and overnight field trips will incur additional transport and accommodation costs.

The first field trip is scheduled for *Sunday September 8, 2019*; when we will visit the *Blue Mountains and walk the Valley of the Waters* track at Wentworth Falls. The highlight of the walk are the multiple magnificent waterfalls along the route. More details on joining. The second field trip is planned for Sunday December 8, 2019.

Hoping to see you all in the field!

MEMORY VERSE OF THE WEEK

WEEK TWENTY THREE

**"Watch, stand fast in the faith, be
brave, be strong"**

1 Corinthians 16:13

To all our valued supporters,

To say the year has been one of change would be an understatement. As I reflect on the last year, and what we have been able to achieve at Light of Hope Cambodia, I am humbled and filled with hope for the future. Humbled because of the journey of faith in which we are being led. At times things were uncertain, but God has provided us with tangible signs that He is with us and not once did we lack for what we needed. I am filled with hope for the future because I see the lives of children and families impacted daily, both for now and eternity.

Our significant milestones in 2018-2019 included:

- The opportunity to build on our food production program, to increase our sustainability, with the expansion of our fruit orchard on the property.
- The implementation of two kindergarten classrooms for early childhood learning.
- The 100% pass rate of all students completing government exams.
- The graduation of several university trained students who are now independent and dutifully employed.
- The opportunity to build capacity in our in-country staff through training and personal development programs.

I acknowledge that these successes and others must be attributed to the dedication of many – from the generous and unwavering support of our donors and volunteers, and the care and commitment of our staff in-country, to the determination of the youth and children in our care who have gladly made the most of the opportunities set in front of them.

Continuing in through 2019, our challenge for the future and what drives us is our plan to implement more community development projects. It is easy to become complacent about the situation of so many when we sit inside the confines of the Light of Hope property where essential daily needs are met. A trip into the nearby villages opens your eyes to the immense need still out there in the rural provinces of Cambodia. Needs in the area of health, hygiene and education, amongst others.

Without you, our incredible supporters, Light of Hope Cambodia could not fulfil its objectives to improve the lives of some of Cambodia's most vulnerable. As always, your generosity is very much appreciated!

We look forward to continuing the journey that God has taken each of us on in service of the precious lives in Cambodia; as donors, as volunteers and as staff members.

Yours sincerely,

Sherree Hughes

Thank you for your continued support!

Your generous continued support of at-risk children in Cambodia through Light of Hope is bringing about great change in some very precious young lives. Thank you! "Ignite Hope" funds go straight to the front line, finding children who are suffering from abuse, abandonment or dire poverty, and are severely at risk, and turning their lives around. Here are just two examples from the past year:

Meet Asa and Ase

Asa and Ase are young brothers who have seen more than their fair share of heartache in their few years. They were part of an impoverished, yet happy and loving family when their father was tragically killed in a motorbike accident. He did not die immediately, and in trying to save his life, substantial medical bills were accumulated. This left the young mother of Asa and Ase in a difficult situation where she now had to support them alone in addition to paying off the medical debt. She worked hard in every daylight hour to provide for her boys. Asa and Ase's mother was so exhausted that she became ill and did not have the time or the money to seek medical care. Tragically, she died at home with only the boys present. Asa and Ase were bought to live with their grandmother who cared for them for several years. Grandma loves the boys, but she is often sick and has to spend extended periods in hospital and is unable to care for Asa and Ase any longer. Asa and Ase now live at Light of Hope, but they go to visit Grandma often as she lives relatively close to the centre. She is so happy to see them growing up in a safe and secure environment.

Meet Panha

Panha grew up in a remote village in rural Cambodia. His mother fell pregnant with him while in Thailand where she had been trafficked against her will. She was a perfectly normal 16yr old girl before she left her family village, but upon return had been so mentally damaged that she was now operating at around the age of a crazed six-year-old. Panha spent the first five years of his life raised by his mother in the village where local neighbours would help and support the single mother as they were able. As Panha grew older, his mother was no longer able to control him, and she started to seriously hurt him to control his boyish behaviour. Neighbours noticed this mistreatment and asked Light of Hope to come and help Panha. When the social workers arrived at the village, it was clearly evident that Panha was not being cared for well. He had burns and bruising all over his body. When Panha came to live at Light of Hope Cambodia he did not play with the other children and his behaviour was unusual, but over time Panha has settled well to his new home and now is enjoying the happy and carefree life that every six-year-old child has the right to.

These are just some of the children whose lives have been filled with hope because of the generosity of donors like you.

Thank you for supporting me and loving me!

PASTOR NIGEL'S
THOUGHT OF THE WEEK

ARE YOU
PERCULIAR?

15/8/19

I visited my doctor the other day and noticed something interesting. He is a Seventh-day Adventist Christian – but I knew that before I went. But even if I hadn't known, by the end of my visit I would have known he was a Christian. Three things gave it away:

- 1) His view on health was very wholistic and incorporated many of the health principles SDA's have known for the last 150 years;
- 2) Prominently displayed was a painting of a doctor's consultation with mum, dad, a sick little girl, a doctor praying, and Jesus standing over them with His arms about them;
- 3) When the consultation was over, he offered to pray with me – and we did!

It got me thinking, if someone visited us at our place of work, our home, or during our leisure time, would they know we are God's people? Could they tell by the way we dress? The way we talk? What we talk about? What we eat? The kind of movies we watch? The books we read? A wise old lady once said, "the line of demarcation between His people and the world is ever to be kept unmistakably distinct" (PK 570).

What does that line of demarcation look like? A question well worth pondering... pondering until you have a suitable answer – and a life to match!

"You are a chosen generation, a royal priesthood, a holy nation, a peculiar people" 1 Peter 2:9.
